Crumb & Co: Real Price Tracker

Capstone 27, Step 4. Started 24 October 2026. Prices change, so every row needs a date and a source.

Filled on 24 October 2026 from the web sources I could read. Status key: **Verified (official)** means an FSSAI or government document. **Reference** means a marketplace, news or price-list source, usually undated, which you should confirm. **Your data** means only you can supply it (bills, invoices, a test bake, Instagram prices). Sources are listed at the end.

How to use this document

1. Fill the blank rows with real prices you see today. Write the date next to every price.
2. Use the **Status** column: *Confirmed* (invoice, bill, live listing you checked yourself), *Reference* (a source I found, not yet checked by you), or *Blank* (you still need to fill it).
3. When a section is complete, copy the numbers into the matching cell of the revenue model (the last column says which cell).
4. Keep screenshots or bill photos in a folder and note the file name in the Notes column. This becomes your evidence for the verification report.

1. Competitor selling prices (Chennai)

Goal: 8 to 10 comparable home bakers or small bakeries. Compare like with like: same weight, eggless, similar design level.

#	Baker or bakery	Where found	Product	Weight or count	Price (₹)	Design level	Date checked	Status

2. Ingredient prices

Goal: real supplier or shop prices for the ingredients in each recipe. Then cost one product bottom-up.

Ingredient	Pack size	Price (₹)	Price per kg or litre (₹)	Supplier or shop	Date	Status	Notes
Butter (Amul, salted)	500 g	261	522	Chennai wholesaler listing (IndiaMART)	Undated listing	Reference	Check the shop price today
Eggless cake premix (if used)	5 kg	Not stated	128 to 319	Hyperpure listing, range across brands	Undated listing	Reference	Only relevant if you use a premix

Cookie ingredients (oats, jaggery etc.)						Your data	Not searched in detail

Bottom-up recipe costing (do one product first)

Pick the product you sell most (the ½ kg eggless cake). For each ingredient write the quantity used in one cake, then multiply by the price per gram.

Ingredient	Quantity used (g or ml)	Price per g or ml (₹)	Cost (₹)
Maida	150 g	0.069	10.35
Sugar	130 g	0.052	6.77
Butter	100 g	0.522	52.20
Aavin full cream milk	150 ml	0.060	9.00
Whipping cream (frosting)	200 ml	0.228	45.60
Dark compound chocolate (ganache and shavings)	100 g	0.310	31.00
Baking powder	5 g	0.37	1.85
Vanilla and decoration	Not priced		Your data
Total priced ingredients			**156.77**

Illustrative only: the quantities above are my assumption for a ½ kg cream cake, not your recipe. With them, the priced items cost about ₹157 against the model's ₹230 (Products!C5). That leaves about ₹73 for vanilla, decoration and wastage, so ₹230 is plausible for this product. Replace the quantities with your own recipe to confirm.

3. Packaging prices

Goal: itemise the packaging for one order of each product. The outline budgets ₹30 to ₹90 a unit with no breakdown.

Item	Size	Price per piece (₹)	Minimum order	Supplier	Date	Status
Cake box	½ kg (8×8×4 in)	10 to 14	Not stated	Chennai listings (IndiaMART)	Undated listing	Reference
Cake box	1 kg	10 to 25	Not stated	Chennai and Ghaziabad listings (IndiaMART)	Undated listing	Reference
Window brownie box	Size not stated	About 5.50	Not stated	Millennium Pack, Chennai (IndiaMART)	Undated listing	Reference
Pastry box	6 pieces	6.50	Not stated	Ghaziabad supplier (IndiaMART)	Undated listing	Reference
Cupcake box	6 pieces	About 15	Not stated	Chennai listing (IndiaMART)	Undated listing	Reference
Cake board	8 inch	3.50 to 7.50	Not stated	Ghaziabad and Ludhiana suppliers (IndiaMART)	Undated listing	Reference
Satin ribbon	9 m roll, 25 mm	20 to 150 per roll (about ₹5 a metre at ₹45 a roll)	Not stated	IndiaMART listings	Undated listing	Reference

Cookie box	250 g to 1 kg	3 to 22	Not stated	IndiaMART listings	Undated listing	Reference
Gift hamper box	Size not stated	About 10 for a plain gift box. Fillers not found	Not stated	Ghaziabad supplier (IndiaMART)	Undated listing	Reference
Stickers, tags, cards, parchment						Your data

Packaging per product (fill in):

Product	Items used	Total packaging cost (₹)	Model figure (₹)	Model cell
Eggless cake, ½ kg	Box, board, carry bag, about 1 m ribbon	24 to 39 (my sum)	60	Products!D5
Eggless cake, 1 kg	Box, board, carry bag, about 1 m ribbon	32 to 52 (my sum)	90	Products!D6

Product	Items used	Total packaging cost (₹)	Model figure (₹)	Model cell
Brownie box (6)	Pastry or window box, about 0.5 m ribbon	9 to 10 (my sum)	35	Products!D7
Cookie box (10)	Cookie box (250 g to 1 kg), about 0.5 m ribbon	11 to 25 (my sum)	30	Products!D8
Gift hamper	Gift box, carry bag, about 1 m ribbon, fillers not priced	20 to 27 plus fillers (my sum)	80	Products!D9

The model's packaging figures are about 1.2 to 4 times the sums of the parts I could price. Either they include extras I could not find (stickers, cards, parchment, hamper fillers) or packaging is overstated. Itemise your own.

4. Gas and electricity

Item	Value	Date	Source	Status	Model cell
Domestic LPG, 14.2 kg, Chennai	₹957.50 (about ₹67 a kg)	October 2026	DT Next, GoodReturns	Reference	
Commercial LPG, 19 kg, Chennai	About ₹2,984 (about ₹157 a kg)	From 1 October 2026	DT Next	Reference	Assumptions!B13
Gas distributor's rule on home-business use	Domestic cylinders are meant for household use only. A Nagaland government notice cites the LPG (Regulation of Supply and Distribution) Order, 2000, and says commercial use is punishable. Ask your Chennai distributor how a home business is treated	2026	Nagaland government notice (not Chennai-specific)	Reference	

Item	Value	Date	Source	Status	Model cell
Electricity tariff per unit	Sources conflict. One calculator site lists LT commercial at ₹8.50 a unit. Use the rate on your own bill	2026	Calculator site (low reliability)	Your data	
Oven power	2,000 W (48 L convection OTG)	2026	Morphy Richards listing	Reference	
Illustrative oven electricity	About ₹900 to ₹1,500 a month: 2 kW × 20 oven-hours a week × 4.33 weeks = 173 kWh at full power, times ₹8.50, with the low end allowing 40% off for thermostat cycling	My assumption	Calculation	Reference	Assumptions!B13
Meter reading at start of test week			Your meter	Your data	
Meter reading at end of test week			Your meter	Your data	
Units used in test week			Calculated	Your data	
Gas used in test week (kg or cylinder %)			Your cylinder	Your data	
Orders baked in test week			Your order log	Your data	
Extra electricity and gas per month (₹)			Calculated from the test week	Your data	Assumptions!B13

Model figure to compare: ₹2,500 a month. If you bake in an electric oven, my illustration puts oven electricity at about ₹900 to ₹1,500, so ₹2,500 would cover it. If you use gas, a domestic cylinder is not meant for business use, and one commercial cylinder at about ₹2,984 would exceed the whole budget.

5. Licensing and tax

6. Delivery and payment costs

Item	Value	Date	Source	Status	Model cell
Delivery cost per order (rider or courier app)	Shiprocket Quick lists Chennai bike delivery from ₹10 a km, so about ₹50 for 5 km. Porter two-wheeler starts at ₹32.50 for the first km (20 kg limit). Get quotes for your usual distances	2026	Shiprocket Quick, Porter websites	Reference	Assumptions!B7
Who pays delivery (you or customer)?			Your decision	Your data	
UPI or payment app charges	From 15 October 2026, 0.4% on UPI payments above ₹2,000 (capped at ₹300). Free for payments up to ₹2,000 and for small merchants receiving up to ₹1 lakh a month through UPI QR	15 October 2026	NPCI framework, reported by Khaleej Times and Inc42	Reference	Assumptions!B8

7. Equipment and marketing quotes

Item	Quote (₹)	Supplier	Date	Status
Oven	6,000 to 15,000 (48 L convection OTG)	Morphy Richards 48 L: ₹5,999 (Flipkart) and ₹14,990 (MYG)	Undated listings	Reference
Mixer	Hand mixer ₹900 to ₹2,000. Stand mixer from ₹6,999	Smartprix price list	June 2026	Reference

Item	Quote (₹)	Supplier	Date	Status
Tins, trays, scales, tools	About 2,400 to 3,100 for 3 to 4 aluminium round tins (₹689 each), a baking tool set (₹139) and a spatula and brush set (₹229). Digital scale price not found	Klassic range on BigBasket	Undated listing	Reference
Photography	Freelancer bids from ₹1,000 (Hyderabad bakery shoot) to ₹7,000 (Bengaluru e-commerce food shots). A food studio lists ₹15,000 a day	Freelancer.in, Freelancer.com, IndiaMART	2026	Reference
Ads and content	No reliable price found			Your data
Oven, mixer, tins and tools together	About 9,300 to 25,100 (without a scale)			Reference

Oven, mixer, tins and tools come to about ₹9,300 to ₹25,100, so the model's ₹35,000 equipment line (Break-even and Startup, cell B5) leaves roughly ₹10,000 to ₹26,000 spare. Photography bids of ₹1,000 to ₹7,000 fit inside the ₹15,000 marketing line (cell B8), but I found no ad-cost evidence for the rest.

Key findings

- **Licence:** FSSAI Basic Registration now covers turnover up to ₹1.5 crore, and the fee is about ₹100, so the ₹20,000 licensing and packaging line is almost all unitemised packaging.

- **Cake prices:** your ½ kg cake is 37% to 42% above two Chennai listings (₹530 and ₹549), your 1 kg cake is 40% to 51% above (₹930 to ₹999), and your 6-piece brownie box is 28% above (₹375). Treat that as a warning until you have 8 to 10 Instagram prices.
- **Ingredients:** an illustrative ½ kg cream cake costs about ₹157 for the priced items against the model's ₹230, so ₹230 is plausible for that product.
- **Packaging:** the model's per-unit figures are about 1.2 to 4 times the sums of the parts I could price. Itemise yours.
- **Gas and electricity:** domestic cylinders are not meant for business use, and one commercial cylinder (about ₹2,984) exceeds the whole ₹2,500 budget. An electric oven would cost roughly ₹900 to ₹1,500 a month.
- **Delivery:** about ₹50 for a 5 km bike delivery from the lowest listed rate. If customers pay, the model's 0 holds.
- **UPI:** the new 0.4% charge applies to payments above ₹2,000. Your highest price is ₹1,400 and steady-state sales are about ₹87,000 a month, so 0% still holds. If UPI inflows pass ₹1 lakh a month for three months, only orders above ₹2,000 would pay.
- **Equipment and photography:** oven, mixer, tins and tools come to about ₹9,300 to ₹25,100 against ₹35,000 budgeted. Photography bids of ₹1,000 to ₹7,000 fit inside the ₹15,000 marketing line.
- **Still needs you:** Instagram competitor prices, cookie box and hamper competitor prices, vanilla essence and cookie ingredient prices, stickers, cards and hamper fillers, a digital scale price, your electricity rate and test-week readings, delivery quotes for your distances, GST advice, insurance, ad costs, and your FoSCoS fee.
